**NB** The point of the next few rehearsals is to refresh the singing BUT to mainly concentrate on the dialogue and dancing/ movement.

We all know the songs....we just need to keep improving them but it is now important to tackle the dialogue and dance and then put it all together.

Please remember this is team work and there may be occasions when you are not needed for a few minutes. Please use this time wisely to rehearse something on your own or in a group.

(or make the tea)!
